Employment history

Since 2003:

Our Lady of Good Counsel Foundation

Catholic University Our Lady of the Good Council

Department of Economic and Business Sciences of the Faculty of Economic, Political and Social Sciences.

The administrative professional activity takes place within the institutional framework, specifically, in budgeting and analytical accounting of the health and educational services that the "NSBC" Foundation provides.

The teaching activity is carried out starting from year 2005, as Lecturer of the subject of Health Economics for the health professions in the Nursing program of study and in Masters' Degrees of Nursing and Rehabilitation Sciences of the Health Professions. Starting from 2017, as a lecturer of "Business Organization" in the Physiotherapy program of study.

The scientific research activity focuses on issues related to the study and the achievement of efficacy, efficiency and cost-effectiveness of health output production and educational services.
