

Curriculum Vitae of: Prof. ROBERTO PERRONE.

Full professor Sector 03/D1, SSD CHIM/08 (medicinal chemistry)

2018

r.perrone.48@gmail.com

Degree in FARMACIA, 1970, cum laude, at the Faculty of Pharmacy of the University of Bari. Degree in chemistry and pharmaceutical technology in 1971, cum laude, at the same Faculty.

Assistant in medicinal chemistry from 1971 to 1980, at the Faculty of Pharmacy of the University of Bari.

Associate Professor of pharmaceutical chemistry from 1980 to 1990, at the Faculty of Pharmacy of the University of Bari.

Full Professor of pharmaceutical chemistry since 1990 at the same Faculty. In 1980 Visiting Professor at Chelsea College in London.

From 1981 to 2018 carried out his scientific activity in University of Bari. Director of Pharmacy Department in University of Bari from 1997 to 2002. From 2002 to 2008, Member of the Board of the University of Bari.

In 2008 a member of the Committee for the evaluation of research of the University of Bari University.

From 2008 to 2012 Dean of the Faculty of pharmacy of the University of Bari.

By 2012 the Director of Department of pharmacy- pharmaceutical sciences at the University of Bari.

The scientific interest and research on the design, synthesis and in vitro and in vivo pharmacological assessment of beneficial compounds from diagnostic and therapeutic point of view on important neurodegenerative diseases (eg. Alzheimer's, Parkinson's, etc.) and in the oncology field.

Scientific collaborations with the Institute of Pharmacological Sciences at the University of Milan and Pavia, with the Karolinska Institute in Stockholm, with the Institute of Neurosciences and Bioimaging of S. Raffaele in Milan, with the IRCCS of Bari and with some pharmaceutical companies (Farmitalia, Pharmacia, Upjohn, Recordati).

Scientific Coordinator of projects of national interest, PRIN, financed by the Ministry of scientific research, in the field of medicinal chemistry.

Scientific Advisor of the memorandum of understanding between the Department of pharmacy-of pharmaceutical sciences of the University of Bari and the company ITELPharma producing in Puglia radiotracers for analysis for bioimages PET.

President Master in Radiopharmacy.

Organizer of the "days of drugs and health products", in the first edition of 2009 was presented along with Confindustria-Apulia the memorandum of understanding for the Constitution in Puglia of "high-tech production district of drugs and health products "with the participation of Farindustria and 27 local industries.

Founding member and member of the company spin-off "BIOFORDRUG srl" www.biofordrug.com, winner of the 2010 winning Start-Cup Puglia, 2010-UK TRADE & INVESTMENT, 2012-Prize Le FONTI, declared by the Ministry of Education Excellence Start up innovative.

Member of the Working Group in 2011, at the University of Bari, for the drafting of a feasibility study for the construction of high-tech district in the region of Apulia in the strategic sector "human health and biotechnology: District H-BIO PUGLIA.

From 2013, National Secretary and member of the Council, of the National Conference of DIRECTORS of Pharmacy and INDUSTRIAL PHARMACY.

· Author, from 1972, 150 scientific papers listed on the site Cineca, in the

field of medicinal chemistry, national and international journals with high value of IF. Coinventor in 10 national and international patents.

BIBLIOMETRIC INDICES of scientific production in the Sector: 03/D1 (chemistry and pharmaceutical technology, toxicological and nutraceutical-food):

A) On the entire career (source SCOPUS):

H-index = 28.

Total citaziones: 2471.

N° articles in journals: 149

B) compared to DM 120 of 7/6/2016 for qualifications of Commissioners threshold values (source SCOPUS):

H-index (last 15 years) = 25.

Citaziones (last 15 years) = 1842.

N° articles in journals (last 10 years) = 86
