

The master's degree in "Management for Global and Sustainable Business" is two academic years (120 ECTS). Courses consist of lectures, seminars, project work, internships, and more.

All classes are conducted in English. A core pillar of the MGSB Master is its emphasis on several fundamental aspects of global economics and global management. The scientific Master is an Albanian law program developed in partnership with ALTIS Graduate School Business & Society) of Catholic University "Sacro Cuore" in Milan.
